These threats are happening after Fredy García reported to the Public Prosecutor's Office that he had received death threats from Jacobo Paz, community relations manager for Aura Minerals/MINOSA, and Dimar Miranda Pérez, a contractor for the mining company.

The threats came after Fredy García, together with his community, stopped Aura/MINOSA from exploiting and destroying the water reservoir that supplies the community of La Ceibita.

For over 15 years, Aura Minerals has been operating a mountain-top removal, cyanide leaching gold mine in western Honduras.
